

## Thermal Solutions

[www.deltaww.com](http://www.deltaww.com)

### High Performance Fans and Blowers

- Standard and custom designs from 25-910mm
- Optimized for PQ, efficiency and low noise
- Value-add fan assemblies
- Fan tray design & manufacturing

### Thermal Management and Heat Sink Products

- Extruded heat sink
- Copper heat sink
- Solder, forge, skive heat sinks
- CPU coolers
- Integrated heat pipe assemblies
- Vapor chamber

[www.aok-technologies.com](http://www.aok-technologies.com)

- Thermal interface materials and solutions
- Gap fillers, pads, dispensable gap fillers (two part and single),
- Thermally conductive insulators
- Grease, phase change materials
- Thermals tapes and adhesives

- Customized formulations available to meet specific needs
- CE, GS and UL certified
- Facilities maintain ISO9001, 14001 and TS certification

## Timing and EMI/RFI Filters

[www.raltron.com](http://www.raltron.com)

- Crystal Based, low noise timing solutions
- Portfolio of standard, XO, VCXO, TCXO, OCXO products
- Application specific timing modules

- EMI/RFI filters for high frequency applications
- RF ceramic filters
- Resistor networks

## Power Solutions

[www.fsp-powerland.com](http://www.fsp-powerland.com)

### Specializing in the fast-growing electric vehicle and energy storage market with ruggedized battery chargers and DC/DC converters.

- Highest efficiency and smallest size in its class
- The most dense three-phase buck-type PFC modules with up to 15kW power rating
- The most versatile DC/DC bricks with military standards
- High reliability with enforced mechanical design
- Specializing in modified standard and custom solutions to meet application-specific requirements.

## Electromechanical Components

[www.deltaww.com](http://www.deltaww.com)

### Solenoid

- Wide range of AC and DC voltages input
- Flexible input with duty cycle, continuous or intermittent
- Over 100 standard parts stocked locally and ready to ship next day
- Facility certified with quality management IATF 16969 standard
- Products compliant with Automotive Standard SAE and VDA
- Open frame, tubular and latching type

### Pumps

- Solenoid pump up to 16 Bar for espresso machines
- Rotary boost pump with DC brushless motor and EMI suppression circuit
- PWM for control precision pumping
- NSF and WSAS material available
- Low operation noise

[www.conec.com](http://www.conec.com)

- High reliability I/O connectors
- Filtered, hybrid & high density D-sub
- IP67 rated D-sub, RJ-45, USB
- Board-to-board interconnect, including DIN41617, compact PCI, ATCA, uTCA
- Fiber optic & RF connectors

[www.fibersource.net](http://www.fibersource.net)

- Fiber assemblies including patchcords, jumpers, and specialty breakout cables
- Custom labeled simplex, duplex and multi-fiber cables
- ODVA IP67 LC duplex harsh environment fiber assemblies
- Hybrid fiber optic camera and broadcast cable assemblies
- Fiber adapters, adapter plates and attenuators
- Fiber rack and wall mount patch panels
- Fiber polishing accessories
- IP67 RJ-45 harsh environment cable assemblies
